The college takes pride in sharing that Dr. Ritu Sarsoha, Assistant Professor of Environmental Studies was conferred a doctorate of philosophy on March 25, 2017 by the Panjab University, Chandigarh.

OUR URGENT REQUIREMENTS

Though the college provides countless opportunities to its students to give their life a proper meaning and set very high goals for themselves there are certain gray areas that need your utmost attention, Sir.

It is our appeal that there is an urgent requirement of hostel facility. Sir, it is felt that despite the fact that the college offers a vast array of courses at undergraduate level and is completely dedicated to achieving academic excellence, the college stands to lose recognition at its *prima facie* as several brilliant outstation students are drawn away from seeking admission at PGGC-46 due to lack of hostel facility.

Keeping in view the demands of science and technology, Sir, it is our earnest request that permission may be granted to start undergraduate programmes in Science stream from the coming academic session.

It is further requested that permission to introduce post-graduate courses in various subjects may kindly be granted as I would like to bring to your notice, Sir that there is only 01 department in the college that offers postgraduate studies in comparison to all the other government colleges of the City Beautiful. So to keep pace with the emerging trends in academics and also keeping in mind that a mere graduation degree does not empower the students, post-graduate courses must be introduced, at the earliest.

To promote lifelong habits for success beyond academics, there is a requirement of gymnasium in the college premises as it is believed that physical activity always has a positive impact on students' academic achievement. It would be a great kindness on your part if you personally look into these needs and ensure that they are met in the near future.

A WORD OF THANKS

I take this opportunity to express my grateful thanks to each and every member of this college without whose whole hearted cooperation the session would not have gone smoothly. My thanks are also due to the various departments of the U.T. Administration, for their unfailing support.

I congratulate all those students who have won prizes and made a mark in various fields. I pray that your future may be bright and hope you will bring glory and honour to your alma mater in the coming years also.

I express my thanks to all of you for gracing the occasion.

Thank You.
